

TO WHO IT MAY CONCERN**Re: VPB Media AS - Mr. Vidar Trellevik**

Rome 3 september 2002

The 4 episode x 100' miniseries TV "The Best Youth" is one of the most important project of RAI Italian Television to be released next winter. Directed by Marco Tullio Giordana ("Pasolini", "the hundred steps"), starring Luigi Lo Cascio ("the hundred steps", "light of my eyes", "the best day of my life") is the story of two brothers from 1966 to nowadays.

We shooted in july 2002 and since the very first meeting, happened one year before, Vidar Trellevik as demonstrated a passion for his job, together with a deep knowledge of all the aspect of film production, rare to be found.

He has always been available during that long prep time, flexible to the many changes, proposing new ideas.

He did suggest great locations in Bergen and in the Maurangerfjord, giving flexible opportunities.

We did change schedule and locations the day before shooting: his thrustability in Norway has been fundamental with everybody involved (Rental Company, Hotels, Locations, Cast, etc.), never wasting money, and no problem to keep working around the clock to get the job done.

He did earn praise and esteem from all of our crew.

We have more than a friend in Norway.

Best regards.
